EDUCATION

Drake University — Des Moines, IA
Bachelor of Science in Computer Science and Data Analytics, Minor in Business Studies — Aug 2020 – Dec 2023

- **Honor/Awards:** Presidential Scholarship and International Student Grant Scholarship

SKILLS

- **Programming Languages:** Python, R, SQL, SAS, HTML5, CSS, and JavaScript.
- **Software and Tools:** GitHub, Git, PowerBI, Tableau, Figma, and Jira.
- **Machine Learning and Data Analysis Libraries:** Pandas, PyTorch, NumPy, Seaborn, Matplotlib, Scikit-learn, ggplot2, lubridate, and dplyr**.**
- **Techniques:** Regressions, Classification, Random Forests, Neural Networks, Statistical Analysis, Time Series Analysis, Deep Learning, Machine Learning, Supervised and Unsupervised learning, General Linear Model, and Generalized Linear Model**.**
- **Certification:** IBM Data Science and Meta Front-End Developer Professional Certificate.

WORK EXPERIENCE

EMC Insurance Companies — Des Moines, IA
Intern – Strategic Analyst — May 2023 – Aug 2023

- Enhanced data accuracy, reporting efficiency, and time savings by 10% through strategic utilization of Denodo SQL queries for the Work Comp Michigan Cancelled Policies List project, including canceled and reinstated policies for quarterly reports, ensuring compliance with Michigan government regulations.
- Implemented a precise Underwriting Audit File using SQL queries on the Denodo platform and VLOOKUP in Microsoft Excel with the strategic analytics team to boost accuracy and efficiency by more than 3% for monthly reports.

Drake University — Des Moines, IA
Support Center Imaging Student Tech — Jun 2022 – Sep 2023

- Increased configuration efficiency by 20% and decreased deployment costs by 15% by deploying over 300 computers using automated scripting and bulk imaging techniques for faculty, staff, and labs.
- Collaborated with cross-functional teams to identify and resolve software compatibility issues, reducing deployment errors by 25% and improving overall system reliability.

Drake University — Des Moines, IA
Support Center Student Tech — Mar 2021 – Sep 2023

- Delivered Tier 1 technical support for over 1,000 students, faculty, and staff by rapidly resolving over 500 IT issues annually through expertise in troubleshooting, diagnostics, and repair.
- Expedited resolution of over 300 IT issues annually by leveraging advanced troubleshooting tools and methodologies, leading to a 50% reduction in response times and a 10% improvement in customer satisfaction.

ACADEMIC/ PERSONAL PROJECTS

Consumer Demographics & Recommendations for Personal Skincare — Des Moines, IA
Nov 2023 – Dec 2023

- Leveraged R to clean 30K+ rows of Adult Income dataset, performed data visualization and analysis on high-income demographics.
- Built decision trees and random forest models with 83% accuracy for targeting skincare products based on income status over $50K, increasing sales or customer engagement.
- Executed SAS applications to implement generalized linear models (GLMs) using Wald and Likelihood techniques resulting in the development of more accurate and reliable confidence intervals and predictive models.

Analysis COVID-19 Data from Three Different Countries — Des Moines, IA
Oct 2020 – Dec 2020

- Analyzed COVID-19 dataset using the Our World in Data website and calculated the percentage of total fatalities in three countries from 2020 to 2022 with RStudio.
- Developed informative bar plots to visualize data comparisons, including the death counts and the percentages between the three nations, allowing the identification of those countries with the highest mortality rates.

LEADERSHIP & COMMUNITY ENGAGEMENT

Drake Association of Technology Advancement Club — Des Moines, IA
Secretary — Sep 2021 – Dec 2022

- Revised and updated communication database for 50+ members, ensuring each member received timely information on club events, meetings, and activities.
- Maintained up-to-date club activity database with 95% accuracy rate by regularly inputting new information and verifying existing data entries to support informed decision-making processes.

Drake University — Des Moines, IA
Peer Research and Access Services Student Assistant — Jun 2023 – Dec 2023

- Provided comprehensive research assistance to over 100 students and faculty annually through chat and phone, ensuring less than 5 pending inquiries at any time.
- Achieved a 10% increase in patron satisfaction through swift resolution of circulation desk issues, facilitating positive interactions and driving loyalty among library visitors.
